

THE GAZETTE.

WEDNESDAY EVENING, MAY 14.

Letter from Fauquier.
[Correspondence of the Alexandria Gazette.]
MARSHALL, May 12.—We have now the long season in May in advance of time and constant showers of rain, yet not the miseries of some others. The country never appeared more beautiful and the people were never more prosperous. Now and then the GAZETTE's sentiments are re-echoed. "Settle the State debt" and thereby encourage outsiders to come and buy land now that the price is at bottom rates—\$20 and \$27 per acre. Ex-Governor Holladay spoke squarely when he said "the road to Virginia's prosperity was not through the door of repudiation, and if the people of the State (he ought to have added through their legislature) were resolved to go back upon a renowned unblemished by the reputation of her plighted faith, they must find some other than myself to do their bidding."

The present outlook is encouraging since the Farmers' Alliance of the country may scatter the selfish politicians and even oust them before the 19th century ends.

The month of May brought with it the closing of the public schools. The boys and girls now help to garden and farm. Belmont Classical School and Belmont Military Academy get on nicely. The same may be said of our excellent private schools at Marshall.

Already boarders and visiting friends have begun to locate themselves in the neighborhood.

The members of the Episcopal Council this year at Fredericksburg will doubtless attract a large attendance.

Quite a stir is going on here among the American citizens of African descent; not exactly to join the Stanley standard, for said citizens happen to be a host of old darkey women intent only on getting a pension.

IS THIS THE LARGEST LEATHER BELT?—What is declared to be the largest leather belt in the world is in process of manufacture at the establishment of Charles A. Schieren & Co. in Ferry street, New York. This enormous belt is 160 feet long and 72 inches wide. It is being made of two thicknesses of hide, and contains the hides of 175 animals. The total weight of the belt when finished will be two tons. It will require the work of twenty men for a period of two months to complete it. The fly-wheel which the belt is to encircle is part of the machinery of a Louisiana electric light firm, and is 28 feet in diameter and 74 inches in width. A special hydraulic press of 400,000 pounds pressure has been erected by the makers of the belt in order to squeeze it together. When properly glued and riveted the services of twenty-five men will be required to put the belt in position, and one week will be consumed in the job. The total cost of the belt will be about \$10,000 as it is valued at \$10 a square foot.

"POISONED!"

Two hundred and thirty-six persons died recently from the effects of poison taken in ice cream and pastries flavored with adulterated flavoring extracts. Do you want to be poisoned? Then be careful when you buy flavoring extracts. To select proper material foodstuffs requires a thorough knowledge of chemistry, without which one assumes great risk of doing harm.
